THE BRITISH ARMIES.

Speculation as to What They Will Try Next Against Boers.

NO LEAKS FROM LORD ROBERTS.

The Relief of Mafeking by a Force From the South Is Expected as One of the Minor Incidents of Campaign.

London, March 5.—The air of mystery which covers the movement of the main British army in South Africa continues. Such information as leaks through indicates that communication is being carried on with steady progress. There are practically three British armies in the field. One in the Free State, one in Cape Colony and the other in Natal.

All that is known about the first and most important is that it is in close touch with a body of Boers estimated to number about 6,000 men.

Speculation as to the direction and method of General Roberts' advance into the Free State is quite worthless, so carefully are the plans concealed. In Cape Colony Generals Brabant and Clements command the two horns of the army, while General Gatacre holds the main Boer force in check. Generals Gatacre and Clements will probably combine and advance on Bloemfontein, with General Brabant guarding the right flank with the mobile colonials. This movement will be subsequent to securing a line of communications along the lines of the Free State railroads, which, according to the latest dispatch seems almost accomplished.

The third army, that in Natal, is comparatively inactive, and with the exception of sorties, a serious engagement can hardly be expected from it this week. When it will be ready to advance its movements must greatly depend upon how much distance the retreating Boers put between themselves and General Buller.

As an incident of the British main objective, which is clearly outlined as Pretoria, the relief of Mafeking by a force from the south may be expected any day, Colonel Plumer's force on the north seeming incapable of accomplishing it.

The unexpected activity of the Cape Town Dutch and the reported likelihood of fighting between them and the Basutos, aided by other tribes having a grudge against the Boers, is regarded as rather ominous.

The only other untoward phase of the military situation that the critics can discern is the enforced temporary inactivity of the Natal army, an instance of which is contained in the dispatches announcing that the flying column which attempted to intercept the Boer retreat only succeeded in driving the enemy further north. General White's men, according to the Times correspondent at Ladysmith, will require a fortnight's recuperation.

Work of Kitchener.

London, March 5.—One of the results of the pacification of the Dutch districts of Cape Colony may be the purchase of large numbers of horses from the farmers. But the re-mounts sent down are believed to be utterly inadequate. General Kitchener can work out the transport problem to Pretoria, if anybody can do it. Letters received from an officer at Cape Town describe General Roberts as the flower of courtesy, and Kitchener as a man of business. A staff officer of engineers told General Roberts that he could do certain work assigned in him in the course of a fortnight. "I am sure," said General Roberts, "that you will do as well as you can." General Kitchener asked the same officer how much time he would require for the job. "A fortnight," was the answer. Kitchener smiled grimly. "Either you will do it in a week," he said, "or you will be sent home." The work was finished in a week. It is this tireless, exacting energy of Kitchener that it is putting England's work through in South Africa.

Steyn Said to Be a Quitter.

London, March 5.—There are no further details of the conference of President Kruger and Steyn respecting peace negotiations. South Africans in London have never ceased to regard President Steyn as more directly responsible than Kruger for the outbreak of the war, and they now assert that he would be the first to suggest retirement from a hopeless conflict. Steyn, in their estimation, is an ambitious schemer, without Kruger's sturdy qualities and inflexible will. South Africans here are confident that the Free State's forces will not cross the Vaal river for the defense of the South African republic, but will withdraw from the conflict and be ready to make

peace as soon as their own capital is occupied and their territory overrun.

Remarkable Surgical Case.

London, March 5.—Among the wounded soldiers who arrived at Southampton from South Africa is Private O'Leary, whose case is remarkable. He was shot in the head during the battle at Colenso. The bullet lodged in his brain, rendering him speechless, sightless and paralyzed. His life was despaired of, but Sir William MacCormac, president of the Royal College of Surgeons, who was acting as volunteer surgeon with the British army in South Africa, removed a portion of the wounded man's brain, extracted the bullet, and O'Leary has since practically recovered his lost senses.

ONE STOCKHOLDER.

Blocks the Sale of Blackwell Durham Tobacco Company.

Charlotte, N. C., March 5.—The works of the Blackwell Durham Tobacco company were operated under P. S. Hill as temporary receiver. Hill was appointed last Friday at Charleston by Judge Simonton on application of majority stockholders, but the matter was not made public. In the bill of complaint it is stated that \$2,800,000 has been offered by the American Tobacco company for the Blackwell company, but that it can not be accepted because of the opposition of one stockholder, who, it is alleged, purchased one share to harass and vex the majority stockholders. The matter will come up before Judge Simonton April 17, when it is expected a permanent receiver will be appointed and the property ordered sold.

Officers of Sewer Pipe Combine.

New York, March 5.—The transfer of the various constituent properties of the American Clay Manufacturing company, the \$10,000,000 consolidation of sewer pipe manufacturers, has been effected. The new company has acquired 27 plants, which, it is stated, control from 80 to 85 per cent of the industry. The plants are located in Ohio, Michigan, Indiana, West Virginia and Pennsylvania. These officers have been elected: President, Charles Baird, Akron, O.; vice president, R. M. Francy, Toronto, O.; George R. Hill, Akron, O.; secretary, Thomas D. Brown, New Brighton, Pa.; treasurer, Ulysses D. Eddy, New York.

The English Budget.

London, March 5.—The house of commons was crowded and all the public galleries were thronged in anticipation of the budget statement. The return of the chancellor of the exchequer, Sir Michael Hicks-Beach, introducing the budget shows an expenditure of £154,082,000 has to be provided for in the budget of 1900-1901. The same statement shows that the exchequer account of 1899-1900 would have given a surplus of upwards of £5,000,000, but that the supplementary estimates of £23,000,000 makes the expenditure exceed the revenue by £17,770,000.

Hill Will Be There.

Albany, March 5.—David B. Hill's friends claim that the ex-senator will head the New York delegation to the national Democratic convention. Mr. Hill's fellow delegates-at-large, it is stated, will be ex-Judge Augustus Van Wyck of the borough of Brooklyn, Richard Croker of the borough of Manhattan, and Edward Murphy, Jr., of Troy. There has been talk of bringing forward ex-Judge Van Wyck for the Democratic nomination for vice president. His presence as a delegate in the Democratic national convention, it is believed, might further carry out this design.

Secretary Wilson Invited.

Washington, March 5.—W. F. Thompson, secretary of the Chamber of Commerce of Huntsville, Ala., and also secretary of the Southern Industrial convention, a permanent organization established to promote the general industrial interests of the south, extended an invitation to Commissioner of Agriculture Wilson to attend the next session of the industrial convention, which will be held in Chattanooga May 8 to 11, and at which all the commissioners of agriculture of the southern state are expected to be in attendance. Mr. Wilson accepted.

Return of the Grant.

San Francisco, March 5.—The United States transport Grant arrived, 27 days from Manila. The Grant brought 201 sick soldiers, 67 discharged men and 27 cabin passengers. Six deaths occurred during the voyage. Short stops were made at Nagasaki and Kobe.

Max O'Rell Is Sick.

Memphis, March 5.—Paul Blouet (Max O'Rell), who lectures here, has been attacked by catarrh of the stomach. He will bring his tour to a close and go to Paris for treatment. He thinks it probable he will quit this lecture platform for good.

BILL OF MR. SPOONER

Will Be Recommended For the Control of the Philippines.

AMENDMENT TO PORTO RICAN ACT.

Republican Statesman From Minnesota Proposes to Extend to the Island the Tariff Laws of United States.

Washington, March 5.—The senate committee on Philippines decided to report the bill introduced by Senator Spooner of Wisconsin for control of the Philippines. Senator Lodge, chairman of the committee, made the report to the senate. The bill is as follows: "That when all insurrection against the sovereignty and authority of the United States in the Philippine islands, acquired from Spain by the treaty concluded at Paris on the 10th of December, 1898, shall have been completely suppressed by the military and naval forces of the United States, all military, civil and judicial powers necessary to govern the said islands shall, until otherwise provided by congress, be vested in such person and persons, and shall be exercised in such manner as the president of the United States shall direct for maintaining and protecting the inhabitants of said islands in the free enjoyment of their liberty, property and religion."

New Porto Rican Bill.

Washington, March 5.—Senator Davis of Minnesota offered an amendment to the Porto Rican bill in the senate. Its effect is to have the tariff laws of the United States applied to Porto Rico upon foreign imports, but allows absolute free trade between the United States and Porto Rico. He also proposes a new section. The amendment is as follows: "And it is hereby enacted that all duties, imposts and excises, imposed or levied, laid or collected, by congress, upon Porto Rico, or any products or business thereof, or in relation to said Porto Rico, shall be uniform with all duties, imposts and excises laid and collected throughout the United States. That no capita tax or other direct tax shall be laid by congress in or upon Porto Rico, unless in proportion to the census or enumeration directed to be taken by the constitution. That no tax or duty shall be laid on articles exported from Porto Rico. That no preference shall be given by any regulation of commerce or revenue to the ports of Porto Rico over those of any state of the Union."

Deputy Drew a Gun.

Washington, March 5.—Moses S. Simons continued his testimony before the house committee on military affairs in the Couer d'Alene investigation. He testified to the circumstances of his removal from office, shortly after the mining demonstration, his arrest and imprisonment in the county jail for five days. William Powers testified that he was nightwatchman and constable at Mullan, Ida., at the time of the demonstration at Wardner. He disclaimed any knowledge of the blowing up of the mining company. A week after the demonstration at Wardner the witness was arrested by soldiers, but subsequently released. Later he was summoned to appear before the United States industrial commission, when he was again arrested by a deputy. He demanded to know what charge there was against him, whereupon, he said, the deputy drew a "gun."

Carter Favors Quay.

Washington, March 5.—Mr. Carter (Mont.) then addressed the senate on the resolution regarding the seating of Hon. M. S. Quay as a senator from Pennsylvania. He announced his intention of voting to seat Mr. Quay.

War of Tongs Renewed.

San Francisco, March 5.—The war of the Tongs in Chinatown was renewed by the murder of two of the most prominent merchants in this city and the wounding of a third man, all members of the Sam Yup organization. The victims of the outbreak are Poon Gee, Low Soon and Leong Chu, members of the pork packing firm of Tuck Wo & Company. The two first named were killed and the third seriously wounded. The store of Tuck Wo had just been opened for the day's business when four highlanders darted out from a small alley, opening up a fusillade. The murderers escaped after the shooting.

Memphis March 5.—H. A. Stephenson, a traveling representative of the St. Louis Globe-Democrat, was shot and seriously wounded in the rotunda of the Peabody hotel by Frank Williamson, a deputy sheriff of Crittendon county, Ark. The injured man was taken to St. Joseph hospital. The cause of the shooting is not known.

DOINGS IN KENTUCKY.

Attempt Will Be Made to Hold Whitaker For Killing Goebel.

Frankfort, Ky., March 5.—The examining trials of Harland Whitaker of Butler county and Lee Jones of Whiteley county, suspected in connection with the Goebel assassination, are set for this week. Attorneys have agreed that Jones may be allowed bail without the examination of witnesses. The county prosecutor would not consent to bail for Whitaker, and will make a fight to hold him to the April grand jury without bail.

The shipment of guns and ammunition to London continued. A carload of small arms and other equipments was shipped. The galling guns and other arms in use by the soldiers on the state house square are still here.

Senator Triplett, anti-Goebel Democrat, offered a resolution to investigate the truth of published reports concerning the shipments of state arms to London by Republican governor Taylor, and to demand the return of the same to the state arsenal. If the reports are found to be true and return

HARLAND WHITAKER.

of arms is refused, the committee appointed to make the investigation shall then bring in a bill making an appropriation of \$250,000 to buy new guns, and also authorizing General John B. Castleman to issue a call for a sufficient number of voters to take the guns from those now in possession of them, and return them to the arsenal. A storm of applause followed the reading of the resolution, which lies over one day.

Republican Governor Taylor left for Butler county to attend the funeral of his brother, Alonzo Taylor.

The call for the state convention to inaugurate the war against the present election laws in this and several other southern states will be issued in the next day or two. The committee and other Republican leaders will confer at Louisville and agree on a date for the convention, which will be held at Louisville a few days after adjournment of the legislature, March 13. The meeting of Louisville anti-Goebel elements to protest against the recent action of the state election board throwing out Jefferson, Johnson and Magoffin counties will be attended by a large number of Republican members of the legislature and leaders from over the state, and Senator Howard Kirk and others will confer with the leaders there to ascertain the wishes of the party as to details of the movement to secure the passage of nonpartisan election laws.

More Americans Shot.

Washington, March 5.—General Otis has cabled the following account of recent military operations in Luzon: "Bates, with two battalions of the Fortieth and Forty-fifth regiments and detachments of artillery, engineers and signal corps, total 2,200 men, landed troops on the southeast, northwest and southern coasts of San Miguel bay, Camarines province, to move on Nueva Caceres in three columns. The only strong opposition was encountered by Godwin and the battalion of his regiment at Libmanan, northwest of Nueva Caceres. Godwin's loss was: Adjutant Gallehes, died of wounds; three enlisted men severely and five slightly wounded. The enemy left 64 dead on the field and many wounded, who were cared for by our medical officers. Goodwin captured a number of armed insurgents, 18 Spanish prisoners, 30 rifles and considerable ammunition. Nueva Caceres was found practically deserted; inhabitants in mountains. Troops are now covering important points in the provinces of Camarines, Albay and Sorsogon. The navy rendered most valuable aid in landing troops and supplies."

Strasburg, March 5.—The government of Alsace-Lorraine has declined to grant the petition of the vinegrowers of the Reichsland that they be permitted to import American grape vines to renew their ruined vineyards. Baron Zorn Von Bulach, secretary of state for agriculture, declared on the floor of the landtag that the American vines brought into the country many worse blights than phylloxera.

STRIKING MACHINISTS

Have Little Trouble In Securing Additions to Their Ranks.

NONUNION MEN ARE NOT WANTED.

Labor Leaders Fear the Movement Will Become Unwieldy If All the Sympathizers Join the Ranks of Strikers.

Chicago, March 5.—The labor situation in Chicago has taken on a new phase. The rapidity with which the strike of the union machinists has spread, and the apparent willingness of the nonunion machinists to follow the example of the union men in laying down their tools, has made the labor leaders rather apprehensive of the strike becoming unwieldy, and President O'Connell of the International Association of Machinists said that for the present at least nonunion strikers would not receive the encouragement of the union.

Efforts will be made to confine the trouble to union machinists, and sympathetic strikes will be avoided until the situation demands support of that character. President O'Connell also made the statement that no strikes will be ordered among the machinists employed by traffic lines.

"It is not the intention to allow the strike to interfere with the public convenience," said President O'Connell; "and I have issued strict orders to this effect."

"Union men employed by all traffic lines, not only the railroads, but the surface and elevated roads in Chicago, as well, have been told that strikes will not be countenanced; not only that, but if they walk out I will fill their places immediately."

About 200 machinists walked out of the Illinois Steel company's plant at South Chicago, but 150 of them returned to work at once, convinced that the strike would be a failure.

It was reported that company had about 100 men ready to take the places of strikers immediately, and this apparently had a distressing effect. Trouble had been apprehended at this point and a large force of police was on hand, but the strikers left the grounds soon after they laid down their tools, and no disorder occurred. Notwithstanding this fact, heavy reserve forces are being kept at the various police stations for possible emergencies.

President O'Connell received a telegram from the manufacturers of Columbus, O., where a strike of union machinists is in progress, asking him to attend a meeting there, with a view to arranging an amicable settlement. He will go to Columbus.

Wanted For a Pest House.

Washington, March 5.—Naval officers have been astounded this week to learn that they may have no rights at Dry Tortugas, where a sum of over \$500,000 has been expended in the last year in establishing a coaling station and rendezvous commanding the southern and gulf coast at the West Indies, and where there is now being rapidly prosecuted the establishment of what is regarded as the most important strategic base between the Chesapeake and Central America. When Cervera's fleet left Spain the president promptly had Fort Jefferson, on Tortugas, garrisoned, to hold as a naval base, thereby enabling the blockade of the northern shore of Cuba to be maintained. Secretary Long was astonished the other day to receive an official communication from the treasury department notifying the navy to stop work and get its men away from Tortugas by April 1, as Surgeon General Wyman of the marine hospital service was looking for a good deal of yellow fever and bubonic plague this summer, and had to use Fort Jefferson, which cost \$5,000,000, as a pest house.

New Incorporations.

Columbus, O., March 5.—Winchester Canning company, Winchester, \$2,500; Carnegie college, Rogers; Mifflin and Widoville Telephone company, Mifflin, \$1,000; Liberty Mutual Aid association, Cincinnati; International Medicine Case company, Dayton, \$10,000; Herald company, McConnellsville, \$10,000; Christian Science Institute, Cleveland; Antwerp Telephone company, Antwerp, \$10,000; Rockford Telephone company, Rockford, \$10,000; Wade Jewelry company, East Liverpool, \$10,000; Willoughby Canning company, Willoughby, \$10,000.

Olga Nethersole Bound Over.

New York, March 5.—Police Magistrate Mott held Olga Nethersole, Hamilton Revelle, Marcus Mayer and Theodore Moss for trial, on the charge of presenting an immoral play ("Sappho") at Wallacks' theater. Bail was fixed at \$500 each.

WEATHER FORECAST FOR KENTUCKY—Rain; colder in western portion; Wednesday fair; colder in eastern portion; southerly winds, shifting to westerly.

"A serious departure from right principles" is ex-President Harrison's opinion of the Porto Rican tariff bill passed last week by the Republican House of Representatives.

Taylor has sent his Gatling guns and two car-loads of army equipments to London, L. and L. County. When the staff was shipped from Frankfort it was announced that it was to be used at Lexington for drill purposes. It looks like the Republicans are getting ready to set up a little Government of their own up in the mountains.

REVERSES HIMSELF.

McKinley Somersaults With an Agility that is Absolutely Astonishing.

[New York World.]

Mr. McKinley's somersault on the question of "our plain duty to abolish all customs tariffs between the United States and Puerto Rico" is not the first instance of his reversing himself.

He now accepts the theory that the Constitution does not apply to our new island possessions—that Congress possesses "plenary power" over them and may legislate for them as it will, "outside the limits of the Constitution."

But in accepting the agreement made by General Bates with the Sultan of Sulu, recognizing the "peculiar institutions" of slavery and polygamy in the dominions of that satrap, the President directed General Otis to notify the Sultan that nothing in the treaty of agreement was to be interpreted as sanctioning slavery, inasmuch as the Constitution of the United States provides that "neither slavery nor involuntary servitude shall exist within the United States or any place subject to their jurisdiction." This admonition—though there is no evidence that the Sultan ever received it or paid any attention to it—certainly indicates a belief on the part of the President that the Constitution extends wherever the flag and the Government go.

It is such jumping-jack performances as this that gives point to the sneer of a Democrat in the House: "I had hoped that there was one question of which the President was not on both sides."

Talmage on Spiritualism.

Rev. T. DeWitt Talmage in a sermon at Washington City, Sunday, said:

"Teach your children there are no ghosts to be seen or heard in this world save those which walk on two feet or four—human or bestial. Remember that Spiritualism, at the best, is a useless thing, for if it tells what the Bible reveals, it is a superfluity, and if it tells what the Bible does not reveal it, it is a lie. Instead of going out to get other people to tell your fortune, tell your own fortune by putting your trust in God and doing the best you can. I will tell your fortune: 'All things work together for good to them that love God.' Insult not your departed friends by asking them to come down and scramble under an extension table. Remember that there is only one Spirit whose dictation you have a right to invoke, and that is the holy, blessed and omnipotent Spirit of God."

"The Limited Mail."

"The Limited Mail" which appears at Washington Opera House for one night, Saturday, March 10th, is one of the largest and best equipped companies on the road, carrying, to produce that melodrama, two car-loads mechanical and electrical effects. The company in itself is this season the strongest brought together for many years, and with the ten years of life of the play, it is still meeting with the highest praise everywhere. The piece is full of startling effects, and the flight of "The Limited Mail" a train 200 feet long and twelve feet high, crossing the stage in six seconds is a most wonderful scene. The famous tunnel scene where the train comes to a stop just at the verge of destruction, the saw mill and the wreck, all go to make up a pleasing performance.

Ohio View of Taylor's Boom for the Vice President.

[West Union Defender.]

Some over-enthusiastic Republicans say Usurper Taylor, of Kentucky, will be McKinley's running mate this year. In this case we suppose the party emblem will be changed, and the proud American eagle will be taken off its perch at the head of the Republican ticket and the skull and cross bones hoisted in its stead with a Winchester rifle directly under. This emblem of the party, many of whom favor the assassination of political opponents, would be unique but eminently fitting.

Mayor Stallcup reported the total license collected by him for the month was \$585.24.

A resolution was adopted granting the Maysville and Big Sandy and the Chesapeake and Ohio railway companies permission to put down a track on the north side of Third street, between Bruce alley and Poplar street, Fifth ward, said track to be used as a public switch. The work is to be done under the supervision of the Board of Internal Improvements and in accordance with plans submitted. The companies are to indemnify the city against any damages for injury to property or person on account of such switch. The companies have bought additional lots, giving them almost all the square between Bruce alley and Poplar street and Hall alley and Third street, which gives them ample room for receiving and unloading freight, as the switch is to have a capacity of eight or nine cars. This will prove a great accommodation and saving to the owners of mills and other business enterprises in that part of the city, and is something they have long desired.

Jos. Meyers was granted permit to erect a frame cottage on Williams street, Sixth ward.

Wm. Daugherty was granted permit to improve his residence on Sixth street.

Mrs. B. H. Holtz and others were granted permit to build a frame stable and coal house in rear of lot on Second street, Fifth ward.

The Mayor presented two of the emergency bonds of the number printed a year ago, which two had not been used, and on motion they were destroyed in presence of Council.

Messrs. Robert Frost, Geo. Beasley, J. D. Easton, Samuel McNutt and Samuel Smith were appointed a special committee to inspect Morgan alley and report as to the need of steps from Second to Third street.

Treasurer Fitzgerald read a list of delinquent tax-payers for year 1897, 1898 and 1899. The matter was continued in the hands of Mr. Fitzgerald and the City Attorney. If the taxes are not paid in next month or two the property is to be advertised and sold.

The complaint of residents of the First ward in regard to the condition of the pavements on West Second street was brought up. The parties complaining were notified to bring in a properly signed petition and Council would act on it.

A gas lamp was ordered erected at corner of Strawberry and Bruce alleys, and also on Strawberry alley between Lexington and Walnut, Fifth ward.

The Mayor was directed to have prepared thirty bonds each for \$500, to be sold as directed by Council, to provide funds for current expenses. The bonds are to be sold at not less than par and are to bear 4 per cent. interest. They are to be made payable at First National Bank.

A resolution was adopted authorizing the Mayor to sell four emergency bonds, each for \$500, to provide funds for current expenses.

George Wood and George Goggin were granted auctioneers' license.

The City Attorney was granted leave of absence for one week.

On motion of Mr. Beasley, the name of Melissa Ramey was stricken from the

pension list. He stated that he had ascertained that Melissa was paying into one of the building associations an amount equal to that paid her by the city.

The Chief of Police was directed to notify owners of property on west side of Commerce between Second and Hall alley to put down a sidewalk of some kind in front of their premises.

J. D. Dye, I. M. Lane and George Pollett were granted permit to put down private crossings in front of their premises.

Mr. Walther stated that Major Chenoweth had moved back the fence in front of his new home in the Sixth ward a sufficient distance to provide space for a sidewalk, and he asked to be donated a year's taxes on his property in consideration therefor. He stated such had been a custom of the Council. He was reminded that there was no such custom. It was stated that a former Council had got the city in a box by accepting title to strips of ground in front of certain pieces of property for sidewalks, as the city and not the owner of this abutting property would now be forced to put down and maintain the sidewalk. The C. and O. lot on West Second street was referred to as one instance of this kind. The city had accepted title to twenty feet along the south side of the lot, and of course is not in a position to force the owners of the lot to put down a pavement.

ELDER J. W. MCGARVEY, Jr., formerly pastor of the Germantown Christian Church, leaves Thursday for a tour of the Orient. He sails directly to Naples, touching at the Azores Islands and Gibraltar. Thence to Egypt, Palestine, Asia Minor, Constantinople, Greece, Italy, Central and Northern Europe, taking in the Paris Exposition. Mr. McGarvey will write letters of travel for the Lexington Leader and Louisville Courier-Journal during his absence.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard street, Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this royal cure: "It soon removed the pain in my chest and I now can sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c. and \$1. Contribution to the Goebel Monument Fund. An Ex-Kentuckian Writes of the Boom at Joplin.

Mr. E. D. Pickett, of Joplin, Mo., in renewing his subscription writes that the Democrats of Joplin have contributed \$33 to the Goebel Monument Fund. Gov. Stevens of that State increased the amount to \$100 and forwarded it to Gov. Beckham. Mr. Pickett adds: "All parties condemn Taylor, and I have yet to find anyone that upholds him. Even his own party thinks it strange that he has made no effort to ferret out the assassin."

Mr. Pickett says Joplin is still on the boom; the city crowded with strangers and property advancing. Her banks had \$2,500,000 deposits the first of January. The output of Joplin's lead and zinc mines last year amounted to \$10,862,464, while the investments in mines for the year were \$22,606,700 and there were 937 business houses and dwellings erected at a cost of nearly \$1,500,000. Joplin now has forty miles of electric railway and ten more will soon be completed.

WILLIAM RUSSELL has sold his tobacco crop of 6,000 pounds raised on the J. W. Osborne's farm on Tuckahoe to M. Loubach, of this city, at 8 1/2 cents per pound.

ELDER FITE, formerly of Missouri, has accepted a call to the pastorate of the Washington Christian Church, and will enter upon his work next Sunday. He is a graduate of the Bible College at Lexington.

THE "Blue Jeans Quartette" is only one of the many taking features in the play of that name that will be seen at the Washington Opera House to-night. Their music is not only tuneful, but odd as well, and they have made a decided hit wherever the play has been seen.

THE bluff, hearty humor of Colonel Henry Clay Risner is among the brightest and best things in "Blue Jeans," which will be seen at the opera house to-night, and his sage remarks on politics cover many sly digs at the politicians and their methods of the present time. They are thoroughly appreciated by the gentlemen.

THE committee appointed by the Republican caucus at Frankfort recently, to arrange for a convention of the Republicans of Kentucky, Virginia, Missouri, Mississippi, Alabama, North and South Carolina to inaugurate a movement against the election laws now in force in these States have elected Senator N. T. Howard, of Butler County, Chairman, and Senator W. H. Cox, of Maysville, Secretary. The Kentucky State convention will be held some time between now and April at Louisville. The convention then will issue an address to the Republicans of the States mentioned, calling a convention of all of them to meet at Nashville.

THE Twentieth-century educational fund was increased by \$10,150.90 at a mass-meeting held Sunday afternoon at the Broadway Methodist Church, Louisville. The individual subscriptions ranged from \$1,000 to \$5 in value, the largest total amount subscribed by any one church being \$5,100 from the Broadway Methodist. The largest individual subscriptions were those of J. S. Lithgow, \$1,000; J. L. Wheat, \$500; William Kendrick and family, \$500; Samuel Overbacker, \$500; Walter Mitchell, \$500; T. L. Jefferson, \$500. The sum of \$1,000 represented the part the Sunday school of the Broadway church contributed toward the \$5,700 given by the various organizations within that congregation.

Dress Goods For Spring!

You will find in our store a most interesting display of the latest creations in rich and elegant Dress Goods. It is of course impossible to describe all the fabrics in detail, but we here mention a few that are especially interesting.

THE NEW SPRING WEIGHT CLOTHS ARE NOW IN.

These may be designed in the ever-appropriate tailor-made gown, or elaborately trimmed, according to the individual taste. We have them from 50c. to \$1.25 per yard. Another popular fabric for the stylish gown is the new striped suiting, which we show in narrow stripes of a shade darker or lighter than the ground color. They are in the exquisite French grays and the new bright blues. Price \$1 per yard. We also have an extensive line of new Plaids, camel's hair effects, 50c. and upwards.

Fashion has set her seal of favor on the Crepon. Nothing more suitable for the full gown. They come in the original blister and smooth effect—\$1 to \$3 per yard.

For the golf skirt, we are showing a beautiful assortment of double faced suitings in navy blue and the various grays with pretty plaid back. Newest styles, Spring weight, fifty inches wide, 98c., \$1.98.

A MASQUERADE.

A Pleasant Party Given Last Thursday Night at the Home of Mr. Noble Hughes.

Mr. Noble Hughes entertained a number of his friends Thursday night at his home in the county with a masquerade party. He was assisted by his sister, Mrs. Will Fitch.

Those present were Misses Annie Baldwin, Ethel Moran, Nannie Downing, Jessie Fitch, Lizzie Downing, Sudie Moran, Sylvia Ricketts, Messrs. Roy Ricketts, Rueben Fitch, Pete Wells, John Coffee, John Moran, Elgin Kilgore, James Coffee, Charley Moran, John Chamberlain Willie Adams and Leslie Chamberlain.

Owing to the bad weather the crowd was small, but everyone will look back on the occasion as one of the most enjoyable evenings of the season.

After the guests unmasked, they were invited to the dining room where delightful refreshments were served.

"As Long As It Lasts"

A HOWLING SUCCESS,

Was the Meeting Last Friday Night of the Limestone Debating Club.

Long before the hour arrived for the discussion of that well worn subject, "Resolved, That the Negro has been more maltreated than the Indian," the Limestone Fire Hall was comfortably filled with eager and anxious listeners Friday night.

Mr. Joshua Simons, Mr. Meenach and Mr. Dryden of the affirmative and Mr. Turnipseed, Mr. R. L. Simons and Mr. Daily of the negative were the principal speakers.

Mr. Dryden, the tall sycamore of the Sixth ward arose amid wild applause, and proceeded to dissect the question. His argument came as a cyclone, sweeping everything before him and the judges were made to realize the awful cruelty to which the negroes had been subjected. He dwelt largely upon slavery. Two pictures had forcibly presented themselves before his mind, that of John Wickliffe and Abraham Lincoln. As the former was the morning star of the reformation, so was the latter the bright and morning star of freedom, who advocated one flag, which meant that while the negro was dwarfed by hunger, broken in spirit, victims of tyranny and caste—yet their children born of liberty and love will be intelligent and free. As Mr. Dryden resumed his seat, Mr. Daily, the "Goliath" of the Fifth followed, exclaiming as he arose to his feet, "Dunder and blitzen, God save Hoch Der Doodle." Always popular, he scored many hits, showing how in many instances the Indian had received the most cruel treatment.

Mr. Joshua Simons closed the debate with such forcible argument, coupled with that of his colleague, that the decision of the judges was unanimous in favor of the affirmative.

BORN, Sunday, to the wife of Mr. Charles Fichter, of No. 4 West Second street, a son.

ROBERT POGUE and E. P. Pogue have sold 105½ acres of land south of Mayslick to Michael Weber for \$8,175.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying Electric Bitters, and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50c. a bottle at J. J. Wood & Son's drug store.

THE FEBRUARY RECORD.

Reports of the Y. M. C. A. Showing What Was Done—Much Good Accomplished.

Report of the Maysville Young Men's Christian Association for month ending February 28:

One thousand three hundred and eight visits to the rooms were made in the twenty-eight days they were open, forty-six being the average per day.

One hundred and twenty-five was total number times gymnasium was used.

Twenty gymnasium classes were conducted and 100 were in attendance. Three hundred and thirty baths were taken.

Sixty were present at the membership reception, and 100 attended the book reception which resulted in 100 new books being added to library. Twenty books drawn from library.

One hundred and ten was the aggregate attendance at the four Sunday afternoon meetings.

Nine new members and renewals.

Seven delegates attended the State convention at Covington.

Five committees' meetings were held; twenty-five in attendance.

The Four D's.

Chas. Spurgeon once said that there were three great enemies to man,—“dirt, debt and the devil.” He might have added one more and included dyspepsia. The evil results of this disease could hardly be exaggerated. Its effects are felt in mind and body, and are as far reaching as the effects of the curse that was laid on the jackdaw of Rheims which was cursed in “eating and drinking and sleeping, in standing and sitting and lying.” The good effects of Dr. Pierce's Golden Medical Discovery are most marked in aggravated and chronic cases of dyspepsia. It enables the stomach glands to secrete the necessary quantity of digestive fluids, and this at once removes that craving or gnawing sensation so common to certain forms of indigestion. It tones and regulates the stomach, invigorates the torpid liver and gives the blood making glands keen assimilative power. “Golden Medical Discovery” cures ninety-eight per cent. of those who use it. Dr. Pierce's Pleasant Pellets are superior to all other laxative medicines when the bowels are obstructed.

The personal estate of George Gamby, deceased, was appraised at \$183.25.

TWO WARSHIP.

said to Central America on Account of Disturbances.

Washington, March 5.—This statement was posted at the navy department: “The Detroit and the Marblehead have been sent to Central America on account of dispatches received from our representatives there, which indicate some recurrence of the disturbed state of affairs, and for the purpose of protecting American interests there.”

The officials of both the state and navy departments do not indicate what representatives are meant. It was stated, in answer to inquiry, that the action of the navy department was taken at the instance of the state department, which, in turn, was moved to make a recommendation that ships be sent, rather than general report of threatening conditions in Central America than from any specific official advices. The trouble in the present instance is supposed to grow out of the organization in Nicaraguan territory of the revolutionary expedition, under the leadership of Mora, the purpose of which is to overthrow President Iglesias of Costa Rica.

Detained at Quarantine.

New York, March 5.—The French steamer La Champagne, which arrived from Havre, was detained at quarantine pending investigation of the case of a sick steerage passenger. Dr. Doty decided to remove the sick man to Swinburne island for observation and treatment, as the disease was not sufficiently advanced to determine its character. After disinfection of the quarters occupied by the sick man the steamer was permitted to proceed.

Teller Concludes His Speech.

Washington, March 5.—When the routine business had been concluded Mr. Aldrich called up the financial bill conference report, and Mr. Teller resumed his speech, begun last Saturday. It was his opinion that the proposed legislation would be disastrous to the country. At the conclusion of his argument, Mr. Gallinger called up the pension appropriation bill. The measure appropriates \$145,245,230. The bill was passed.

Ups and Downs.

Tiffin, O., March 5.—Mrs. Layman, a lady residing in Swim, was seized with a violent coughing spell. In some way her false teeth became loose and she swallowed them, but succeeded in throwing them up, and is none the worse for her experience.

That Throbbing Headache

WHEN a representative of the Bulletin called at the Frank Owens Hardware Company's establishment Monday for a change of copy for their advertisement, he found not only the clerical force busy, but each member of the firm so rushed waiting on their trade that it was some time before he found an opportunity to be heard.

“I hardly know what sort of an announcement to make this week,” said Mr. Owens. “You see for yourself that we've about all we can attend to waiting on the trade brought to us by our recent advertising. Farmers were not slow to take advantage of our special County Court Day offer, and when our sales for the day are footed up, the one item of Steel Wire Fencing alone will take several figures to tell about.”

“It seems to me that would make an interesting story,” the Bulletin suggested.

“Well, make it the subject for a ‘change’ and later we'll have something seasonable to tell about.”
